

# Family Focus Group

## For families and caregivers of children with special health care needs

“Special health care needs” means your child uses more health care services than other children. This includes health issues like asthma or diabetes all the way to genetic conditions and complex care.

Your participation will help improve health care systems and the way they work with families.

Choose from

- June 5 from 12:00 - 1:00 pm ET
- June 6 from 4:00 - 5:00 pm ET

Apply by June 4 [here](#).
