

Youth Focus Group

For youth and young adults with special health care needs

“Special health care needs” means you use more health care services than other young adults. This includes health issues like asthma or diabetes all the way to genetic conditions and complex care.

Your participation will help improve health care systems and the way they work with youth.

Choose from

- June 6 from 12:00 - 1:00 pm ET
- June 7 from 4:00 - 5:00 pm ET

Apply by June 4 [here](#).
