20 Sessions

August 2023 to May 2024

Family ECHO is a statewide virtual learning network intended for family members, self advocates, and those supporting individuals with disabilities who also need higher support and care levels.

This series is all about building support networks across Alaska, celebrating experiences, strengths, along with unique and creative stories/lifestyles, sharing and demonstrating evidence-based practices for screening, diagnosis, and treatment, and offering expertise in navigating common municipal, state, and federal systems.
